

Owens Corning™ Roofing Shingles

Delivering great looks and lasting protection

No. 1 Shingle Brand³

OAKRIDGE SUPER™ Brownwood

Oakridge® SUPER Shingles are a component of the Owens Corning™ SUPER series brand.

Why Owens Corning® Roofing Shingles?

When you buy **Owens Corning®** Roofing shingles, you can rest assured that our commitment to **quality is of the highest importance**. Our shingles undergo extensive testing to ensure they meet **industry standards and certifications** so that you can feel good about your roofing investment. In addition, our products will delight you with their beauty and provide you with a confidence that your home is protected, today and tomorrow.

Since 1938, **Owens Corning®** has had a **history of innovation**. We invented Fiberglas® fibers which helped transform many markets such as automotive, recreational, and building materials – our famous **PINK™** Insulation has been used in millions of homes across the country. We held **our first fiberglass shingle patent** in 1965, and helped convert the old organic shingle marketplace throughout the 1980's. Today, the fiber glass and asphalt composition of roofing shingles plays a crucial role in the durability and performance of all asphalt shingles.

Choose your **Owens Corning®** roofing products with confidence. After all, we've been a **recognized leader in the building materials industry** for over 75 years. We're known for making homes **more comfortable, beautiful and durable**.

And we can do the same for you.

What's **SUPER** shingles?

Your best investment for high-end, premium look and exceptional durability with **SUPER Sealant Technology**, which gives your home the aesthetics and performance you desire, at an attractive price.

Wind Resistance
Max 180KMPH Wind Resistance

Fire Resistance
Class A UL Fire Rating, the industry's highest

Algae Resistance
To resist roof discoloration from algae growth

Light & Safe
Light-weight solution has less earthquake load

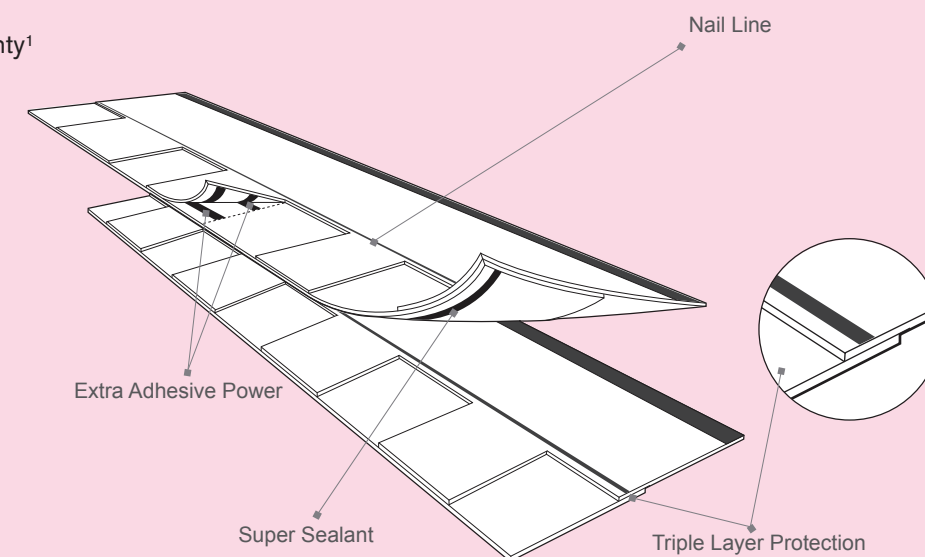

SUPER Sealant Technology

Our Super Sealant is a proprietary premium weathering-grade asphalt sealant that is specially formulated by Owens Corning. By choosing any product from our SUPER series shingles, the SUPER Sealant grips tightly on the shingle below with exceptional wind resistance that delivers up to 180 KMPH¹ wind warranty performance by performing excellent adhesive power.

SUPER sealant technology offers :

- High-strength, engineered polymeric material
- Mechanically locked to the shingles
- Specially formulated by Owens Corning to strongly bond the shingle layers together in all weather conditions
- Backed by super-high wind warranty¹

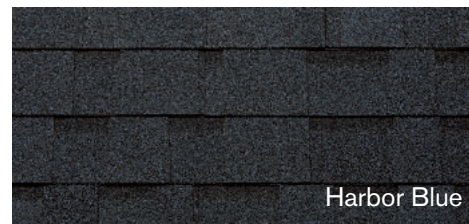

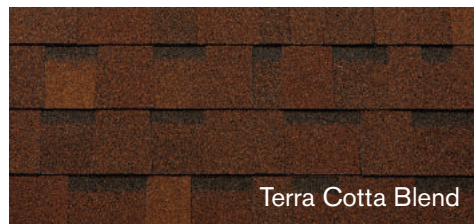

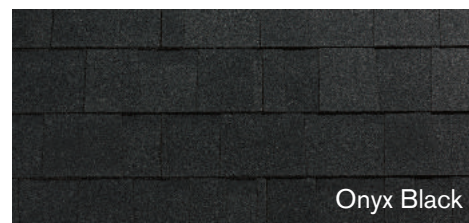

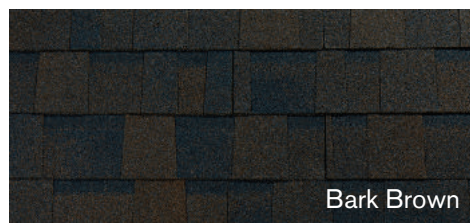

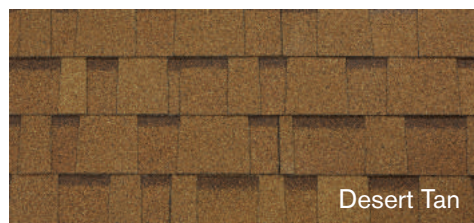

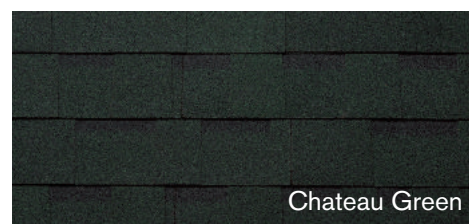

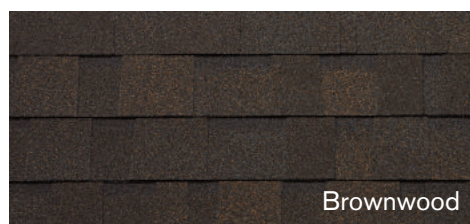

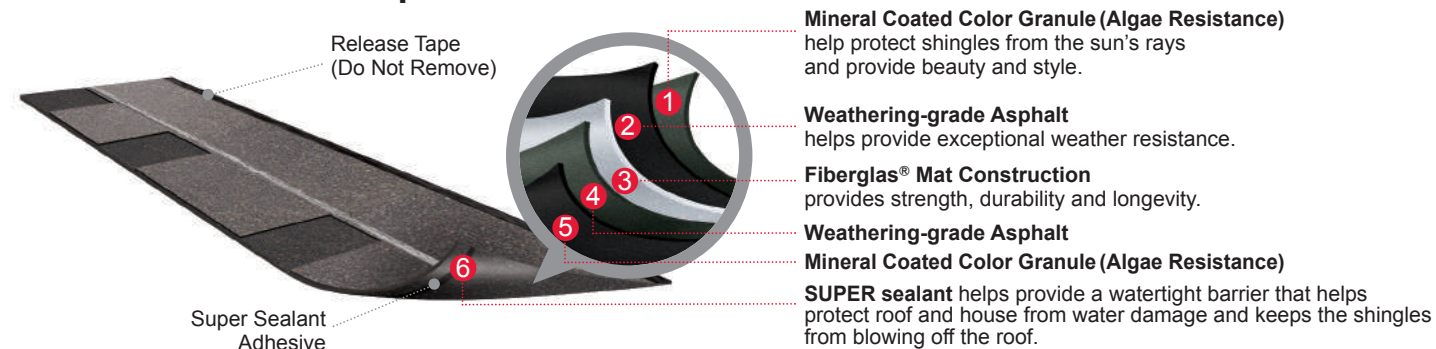

OAKRIDGE® SUPER™

Beauty Designed to Last a Lifetime Oakridge® SUPER Shingles are The Right Choice® for long lasting performance and striking beauty. In addition to a wide range of inviting, popular colors, they also offer:

- Limited Lifetime Warranty¹
- 180 KMPH Wind Resistance Limited Warranty¹
- Algae Resistance Limited Warranty¹

OAKRIDGE SUPER Product Composition

Oakridge® SUPER Shingles are a component of the Owens Corning™ SUPER series brand.

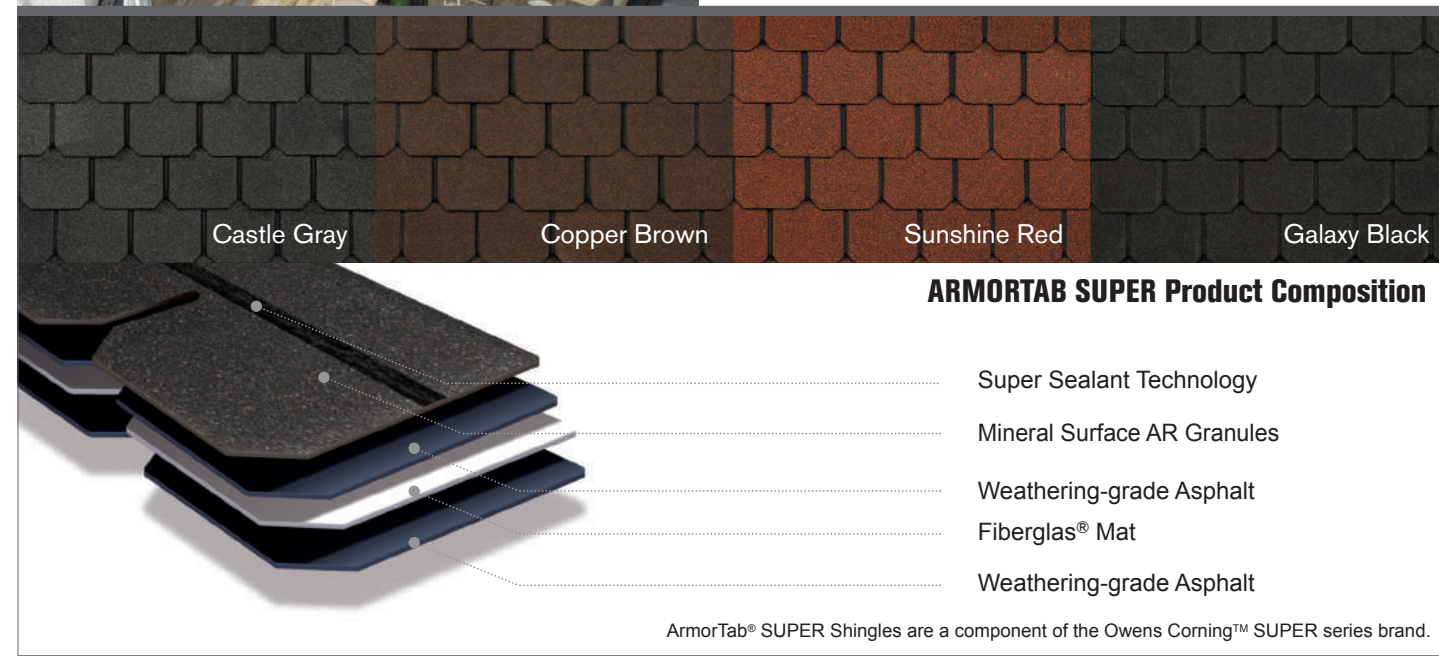

ARMORTAB SUPER™

A Modern Expression of a Timeless Style

ARMORTAB SUPER™ from Owens Corning™ combine durability and weather-ability with uncommon beauty. They offer an affordable alternative to other slate-look roofing materials and are built to provide beauty and performance for many years to come. The Right Choice® for long lasting performance and striking beauty. In addition to a wide range of inviting, popular colors, they also offer:

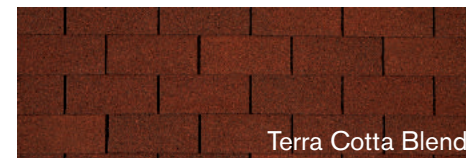

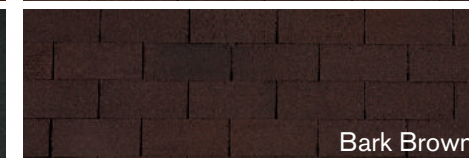

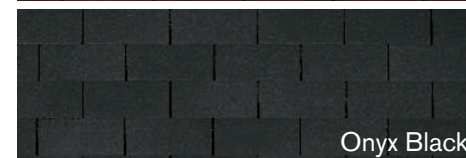

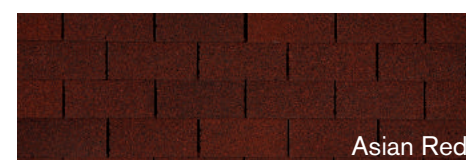

- 30-Yr Limited Warranty¹
- Max 180 KMPH Wind Resistance Limited Warranty¹
- Algae Resistance Limited Warranty¹

CLASSIC® SUPER™

Solid value and lasting durability

Classic® SUPER three-tab shingles are the basic, smart choice when you want to balance weather resistance and value. A wide range of colors are available. They carry a 20-year Limited Warranty¹, 130 KMPH Wind Resistance Limited Warranty¹ and Class A UL Fire Rating - the industry's highest rating.

Classic® SUPER Shingles are a component of the Owens Corning™ SUPER series brand.

Bring Color and Fashion to Your Roof Oak Euro® W six-sided shingles offer increased curb appeal and more sophisticated alternative to traditional shingles. Owens Corning's Oak Euro W shingles can make any home rise above the rest. If you are interested in standing out from your neighbors, Oak Euro W can help you deliver better solutions and more style choice.

¹ See actual warranty for completed details, limitations and requirements. Lifetime warranty (for as long as the original homeowner owns their home).
² Max 180 KMPH wind resistance is applicable only with 6-nail applications. Refer to installation instructions for complete details.
³ 2013 Roofing Homeowner Brand Awareness Study by Owens Corning Roofing and Asphalt, LLC. SQ (square) means installed coverage sales unit.
Owens Corning strives to accurately reproduce photographs of shingles. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colors and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your home. We suggest that you view a roofing display of several shingles to get a better idea of the actual color. To accurately judge your shingle and color choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection. Color availability subject to change without notice. Ask your professional roofing contractor for sample of colors available in your area.

UnderGUARD PRO® Sheet
Professional Roofer's Choice

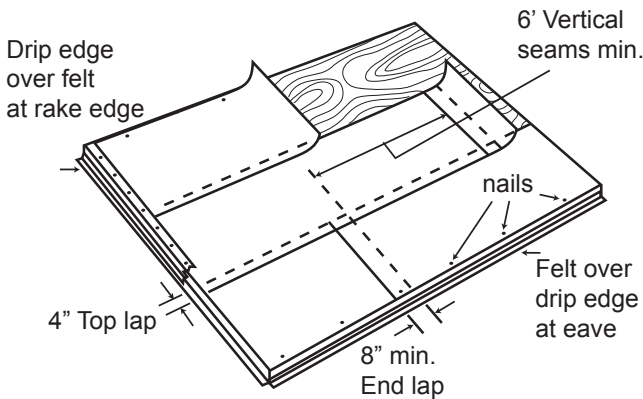

- **Easy to install** - Helps to provide a safe walking surface for roofing professionals and can be installed over the various type of roof decks.
- **Roof deck protection** - Helps increasing flexibility and provides long-lasting durability while preventing water infiltration under shingles from wind-driven rain and other source.
